TO THE SENIORS:

My special feeling of kinship with you started in September 1970, when we were all Freshman at Weaver and in awe of the great institution.

Being your advisor for the past three years has been a rewarding experience for me. It had been rewarding to see your growth as young adults, to see you develop a sense of purpose, and to assume responsibility for your actions.

It is my wish that you continue to build on your experience and learning at Weaver and become the concern and responsible citizens of the large community that you have shown you are capable of becoming.

A WORD FROM THE EDITOR

Of all the words in the English language "it might have been" are the most futile. Replace them with "what it is going to be." Be your own **REALISTIC BLACK-AND-WHITE SELF**. Take a clear look at your present situation. Observe, analyze and deal with things right now.

Good Luck!

Barbara Lovett
